Dear Mr. Leeuwenburg,

The Clyde Shipbuilding & Engineering Co. have gone into liquidation.

They built the s.s. "ZONNEWYK", which is owned by Messrs. Erhardt & Dekkers, of Rotterdam, and as the fees and expenses amounting to £421. 14. 4 have not been paid, the vessel has not yet been classed.

I shall therefore be glad if you will kindly see Mr. Dekkers, with a view to his taking steps to ensure the payment of the fees.

I take it that he would not pay his last instalment without the production of the Classification Certificates, presumably in accordance with the terms of his contract with the Builders.

Yours faithfully,

R. Leeuwenburg, Esq.,

ROTTERDAM.
