E.

Sir,

We duly received your letter of the 17th ultimo respecting the steamer "SKARD" and beg to inform you that a spare set of coupling bolts are placed onboard and I regret that this was, by a mistake, not stated in the report.

The sea connections were examined on the 7th November and the dates for stern tube, screw shaft and propeller are given on the back of the report and are: stern tube 7/I, screw shaft 5/I0, propeller 7/I.

The report for electric lighting installation is enclosed herewith and the areas of the electric cables are now given by the builders.

I am, Sir,

Your obedient Servant,

Ludo. A. Lyphard

The Secretary,
London.
