

"SUZY"

-----

Dimensions:- 236.5' x 52 x 16.17

Built: 1907

-----

The Owners desire, as an alternative proposal, to fill in the after well only and desire to know the increase in draught which this would permit.

It is submitted the scantlings in way of the alteration could be approved as submitted. The scantlings of the framing and of the topsides in the well forward are suitable for the increased draught.

The equipment will not be affected by this alteration.

18. 3. 40.
