No reply was received from the Owner to the Notice regarding the Screwshaft Survey sent in July last.

The vessel was drydocked in August but the Milford Surveyor was not called in and the Screwshaft Survey was overlooked by the Owner.

In view of war conditions, however, the Surveyor was informed from this Office that the case would be reconsidered again at the end of the year, by which time it was hoped the survey would be held.

It is now stated by the Milford Surveyor that the vessel has been requisitioned for war service and is not in the Milford district.
