Enclosure.

14th August, 1924.

Dear Mr. Scrutton,

I was not in yesterday, but I have today received your letters of the 12th and 13th instant, and carefully note all your remarks.

"GRETASTON". This case, as you say, can stand over, but I think that as Colonel Lithgow has been very frank with us, we might give him the full information contained in my letters of the 11th and 12th instant, and I shall be glad to know whether you agree.

Mr. Gemmell has been asked to come in on Monday to be interviewed by Sir Thomas and Mr. Glover.

CADIZ. Sir Thomas asks me to send you the enclosed letters from Gibraltar and Seville regarding the work at Cadiz, and to say that he suggests that, in the circumstances, it would be better to ask the Seville man to attend to Cadiz in present conditions, and I shall be glad to know if you agree.

DIESEL ENGINES. You will no doubt be interested to read the enclosed letter which Mr. Ruck-Keene has received from the North British Diesel Engine Works, Ltd.

You seem to be having much the same weather as we are having, as it was showery here yesterday. but today
