

C 6161

Glasgow

28th February 1885.

A. W. Stewart

Messrs. Stewart & Lloyd Ltd., at the
Imperial Works on the 13th February 1885 for
the purpose of inspecting and witnessing
compression test on ten derivate made to the
order of Messrs. Swan Hunter & Wigham
for their S. S. No. 1267, as detailed in signed advice
note attached.

The derivate made of steel tubes in the sections
crossed & shrunk at joints appeared sound,
the tests were satisfactory.

Material has been used in accordance with the
requirements of the Rules of the Society.

Derivate stamped:-

AWS

Fee:- £2.2.0
