Main Distribution - Eng. W.380.

Dear Mr. Anderson,

In answer to your letter of the 9th. inst.
submitting for approval the above plan, I have to inform
you that the arrangements and sizes of cables proposed
would be approved, subject to the circuit breaker for fuse
board "G" for the winches on the aft boat deck being
adjusted to 700 amperes, and all the work be carried out
to the Surveyor's satisfaction.

Two copies of the approved plan are being
returned to you under separate cover.

Yours faithfully,
