DONKEY BOILER

Amended Plan - Dwg.B-1b.

Dear Mr. Anderson,

In answer to your letter of the 31st. ult. forwarding for approval 4 copies of the above plan, in lieu of those previously approved on the 26th. March and 24th. May last, I have to inform you that this Donkey Boiler would be approved for the intended working pressure of 100 lbs per square inch or 7.04 Kgs. per sq.c.m. provided,

- (1) it be constructed as shown on the above plan, and of materials tested in accordance with the Rule requirements,
- (2) the butt straps be cut from plates, and not from rolled strips, and
- (3) the Boiler be built under the usual conditions of survey and testing.

Two copies of the approved plan are being returned to you under separate cover.

Yours faithfully,

*Ady*
