DONKEY BOILER

Amended Plan - Eng.B-1a.

Dear Mr. Anderson,

In answer to your letter of the 1st. inst. forwarding for approval 4 copies of the above plan, in lieu of that originally approved on the 26th. March last. I have to inform you that this Donkey Boiler would be approved for the intended working pressure of 100 lbs. per square inch, provided,

- (1) it be constructed as shown on the above plan, and of materials tested in accordance with the Rule requirements,
- (2) the butt straps be cut from plates, and not from rolled strips, and
- (3) the Boiler be built under the usual conditions of survey and testing.

Two copies of the approved plan are being returned to you under separate cover.

Yours faithfully,

Lloyd's Register
