

Lloyd's Register of Shipping

Messrs. Barclay Curle & Co's No.540 S.S. "POLYCARP"

Surface plates

It is submitted that as the whole of the work of the coating of the inner bottom of this vessel has been carried out, the same might be accepted in this instance, but note should be taken for a special examination to be made of the double bottom in the engine and boiler spaces when the vessel comes under the Special Survey No.1.
