10th January, 1918.

Dear Sir,

I am in receipt of your letter of the 8th instant enclosing one from Mr. Craig with further reference to the S.S. "POLYCARP", Messrs. Barclay Curle & Co's No. 540, and with regard thereto I have to enquire why the instructions as to the use of Portland cement on the bottom of this vessel in way of the engine and boiler space, which were contained in my letter of the 3rd ultimo, have not been carried out without attention being drawn to the fact that this was not being done.

I am, Dear Sir,

Yours faithfully,

Secretary.

The Secretary,

GLASGOW.
