

Denny's Yard No. 1333.

Messrs. Ruston & Hornsby Ltd.

Engine Type 3VSOZ.

60 Gallon Fuel Service Tank.

IT IS SUBMITTED the Grimsby Surveyors be informed it is noted that due to an oversight the plan of this 60 gallon oil fuel tank was not submitted for consideration.

It should be pointed out that the thickness of the tank plating is somewhat less than required by the Society's usual practice, but since the tank is already constructed, it could be accepted in this instance provided, when under hydraulic test, the tank is sound and tight and free from distortion.

The Surveyors should be requested to supply the Yard No. of the vessel for which this tank is intended.

Return 2 plans.
Retain copy.
