1st September 1938.

Dear Sir,

E.

Messrs. Wm. Denny & Bros'
Yard No.1333 - Engine No. 1083

With reference to my letter of the 15th ultimo, respecting the Auxiliary Oil-fired Boiler "BATO/230" to be constructed by Messrs. Babcock & Wilcox Ltd., and intended for the above Contract, I think it well to acquaint you I am in receipt of a communication from Messrs. The Clarkson Thimble Tube Boiler Co. Ltd. in which they write as follows:-

"Please note that to suit works' practice at
"Messrs. Babcock & Wilcox's Renfrew, all rivet
"holes are 1/32" larger than rivets, instead of
"1/16" larger as shown on original prints",

and I shall be glad if the Surveyors will be guided accordingly.

I am, Dear Sir,

Yours faithfully,

Assistant Secretary.

The Secretary,

GLASGOW.
