

Thermo-Electric Gear supplied for Marine Jobs.

2 Sets thermo-electric feed control gear and alarm gear for two vessels for the Zealand Co., supplied through our Agent to Messrs. de Schelde, Holland, and fitted to two Yarrow boilers. Name of boats unknown.

1 Set of thermo-electric alarm gear supplied to Messrs. John Harker for M.V. "Bedale H" and fitted to a 7'6" Cochran boiler.

N.B. The thermo-electric regulator has only recently been placed on the market. Up to the present the above are the only marine jobs to which this has been fitted although numerous land installations have been carried out.
