7th December, 1925.

Dear Mr. Cheetham,

I enclose herewith for your information a copy of a letter dated 1st instant received from Dr. Montgomerie, reporting the result of a conference which he has had with the Builders of the steamers "TAIREA" and "TAKLIWA", together with photoprints shewing the additions proposed by the Builders to be fitted in the case of the "TAIREA", with a view to preventing a recurrence of the trouble which has been experienced in the oil fuel tanks. With regard thereto, I have to add that you will no doubt give these photoprints your careful attention, viewing them in the light of the information you will obtain at the ship and after careful examination of the parts in question.

Yours faithfully,

R. Cheetham, Esq.,
BOMBAY.
