Cases of the s.s. "TAIREA" AND "TAKLIWA".

Messrs. Barclay Curle & Co. have decided to send Mr. William Ewing, a Director of the firm, to Bombay, in connexion with the repairs to the "TAIREA" and "TAKLIWA". Mr. Williamson, their Iron Manager, will also go.

The intention is for Mr. Ewing and Mr. Williamson to inspect the repairs and the workmanship of the two vessels, and they are suggesting in their letter to the Society that a representative of Lloyd's Register should also be sent.

Messrs. Barclay Curle asked Mr. Warlow to let us know this by telephone or telegraph as they consider the matter very urgent.

Mr. Warlow understands that Mr. Ewing and Mr. Williamson are leaving on Thursday next week.
