

S.S. "TAIREA".

Mr. Peck, of Messrs. Barclay, Curle & Co. rang up to say that it has been decided that they will send out a Representative to Bombay in connexion with the repairs to this vessel.

Mr. Peck is not quite sure who will be sent, but this point is being decided today at Glasgow, and it may be that their Representative will be leaving London tomorrow morning at 10.30 to join the "MOOLTAN", but if not he will go next week.

Mr. Peck thought it well to let the Society have this information in case the Committee might decide to send a special Representative from Lloyd's Register.
