Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

6th April, 1939.

Dear Sirs,

E. I duly received your letter of the 28th ultimo respecting Messrs. Wilton Fynnoord's Yard No.669, and have to acquaint you that the amended plan of cylindrical boiler will be approved for a working pressure of 14 kg. per sq. cm., provided the welding be carried out with approved electrodes and to your satisfaction, and the boiler be constructed under the usual conditions of survey and testing.

It is noted that the minimum tensile strength of the shell plate and butt straps is 48 kg. per sq. mm.

One copy of the plan is being returned under separate cover.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
AMSTERDAM.
