LLOYD'S REGISTER

And.  
LONDON

All communications to be addressed to  
THE SURVEYORS.

Dear Sir,

With regard to my wire of the 18th inst.  
reading as follows :

"OWNERS WILTON 669 REQUEST SECOND OPINION REPAIR NEW  
"CYLINDER WERKSPoor AMSTERDAM IN VIEW SENIORITY  
"AMSTERDAM SURVEYOR REQUEST WIRE INSTRUCTIONS OR  
"SEND LAING ANTWERP"

and your reply received this morning as follows :

"WERKSPoor CYLINDER LAING BEING INSTRUCTED ATTEND  
"AMSTERDAM",

I have to state that the matter arose in December over  
a new cylinder made by Messrs. Werkspoor, Amsterdam for  
the new steam engine building by them and intended for  
Messrs. Wilton-Fyenoord's No. 669 for the Halcyon Lyn,  
Rotterdam.

This cylinder has been repaired by Messrs. Werkspoor  
for a small defect in the valve chest by means of a  
spigot with studded cover to the satisfaction of the  
Society's Amsterdam Surveyor. The Owners have, however,  
requested a further opinion on the repair, though they  
clearly understood that it has been approved subject to  
their consent. In order to avoid delay and expense they  
prefer to accept the repaired cylinder if they are further  
assured, and have requested to have a second opinion from  
the Society. I have consequently wired you as above.

I am, Dear Sir,  
Yours faithfully,

The Secretary,  
LONDON.
