Dear Sir,

"SEINE".

We thank you for yours of the 29th inst., ref. H. and could inform you that it has been decided to take this vessel out of service. She is at present at Plymouth, leaving today or tomorrow for Bordeaux, where she picks up a tow for Ymuiden (Holland) and then proceeds light to Rotterdam, her home port, for breaking up.

We think it would be advisable, in order to keep everything straight, if you would now communicate direct with the owners, Messrs. L. Smit & Co's Internationale Sleepdienst, and notify them as to her cessation of class, which we trust you will allow to be maintained until her arrival at Rotterdam, after the voyage indicated.

Yours faithfully
