1 Enclosure.

8th January, 1921.

Dear Sirs,

I am in receipt of your telegram of to-day as follows, viz:-

"Monmouth Shipbuilding Co posting on fees of WAR FIG  
"today please forward classification certificates  
"your earliest this Office".

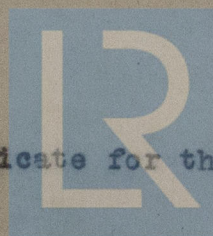

The Machinery fees in this case are still unpaid and I have telegraphed to the Surveyors at Glasgow and Manchester to collect the amounts due and to telegraph to you as soon as payment has been received so that you may be in a position to hand over the Hull certificate on receipt of the cheque from The Monmouth Shipbuilding Co.

The Machinery certificate will require to be sent to the Manchester Office for delivery to the Engineers in the usual way in the absence of a special request from the Engineers to hand it over to the Shipbuilders.

I am, Dear Sirs,  
Yours faithfully,

The Surveyors,  
NEWPORT.

P.S. The classification certificate for the Hull of the vessel is enclosed herewith.
