

"ADELAIDE STAR"

The construction of this motor vessel was commenced at Copenhagen in April 1938 and completed in November 1940; she was then taken over by the Germans.

The COPENHAGEN Surveyors' First Entry Report has now been received from which it is noted she was built under Special Survey with the recommendation that the class ~~100A~~ 100A1 With freeboard be assigned.

As the vessel is reported sunk it is submitted no action is necessary on this report.
