

Messrs. Burmeister & Wain Yard No. 646.

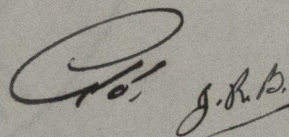

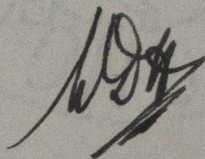

Metro Automatic Sounding Gauge.

IT IS SUBMITTED the Copenhagen Surveyors be informed that the contents of their letter of the 8th instant together with plans and pamphlet giving outline description of the "Metro" sounding gauge, have been examined but that before approval can be given to the sounding device it is desired the Surveyors will visit the Maker's Works and report upon the construction of the apparatus.

They should also state whether they have any personal knowledge of the reliability of this gauge under working conditions .

The plans should be retained pending a reply.
