

Messrs. Burmeister & Wain Yard No. 646.

Pumping Arrangements.

IT IS SUBMITTED the Copenhagen Surveyors be informed it is noted from their letter of the 22nd instant that the Owners wish to dispense with the sounding pipes to the double bottom tanks under the refrigerated holds and to fit automatic sounding gauges.

The matter has now received consideration and provided the sounding device is of an approved type, fitted on board and tested to the entire satisfaction of the Surveyor, no exception will be taken to the proposal.
