Dear Sir:

Spanish Steamer "SAN CRISTOBAL MARTIN"

With reference to your letter dated 29th January last, and ours of the 5th February, we duly communicated with the gentleman who carried out the survey on the vessel's boiler, and are today received a letter from him reading :-

" I have today received your favour dated 5th February  
" 1937 concerning the boiler survey that I carried out on  
" board the above named vessel and in reply beg to inform  
" you that I did not examine the boiler mountings as they  
" were not opened up at the time of survey owing to the  
" vessel having to sail the next morning. Further please  
" note that I found the boiler in good condition.

which is self-explanatory.

We are, dear Sir,  
Yours faithfully,

*Hamilton & Co.*
