Oslo, 7, 27th February 1937

Enclosures.

Dear Sir,

The owners of the steamer "SAN CRISTOBAL MARTIR" have under consideration to shorten no. 1 & 2 hatch and to cut down the hatch coaming to 32" and to plate over the present beams, which are through beams in way of the trunk, and to fit doublings in way of the hatch corners. As the matter is very urgent we shall be glad to receive your reply by cable, whether the proposal may be approved.

Plans in triplicate of the proposed arrangement are enclosed herewith also a plan showing the original arrangement.

We are, Dear Sir,

Yours faithfully
