

S.S. "Burford Bridge"
ex Eikundasund.

Lon. 84664.

This vessel was built in 1916 by Messrs. Johs. Berg, Delfzijl and clamed with the Germanischer Lloyd.

Plans and particulars of the machinery were previously submitted with a view to classification and approved in the Secretary's letter E of 23/9/21, subject to 4 additional longitudinal stays being fitted in the boiler.

The machinery has now been examined throughout by the Ipswich Surveyors and found in good condition and satisfactory under working conditions.

It is submitted that this vessel is eligible for the record L.M.C. - 10.21. subject to four longitudinal stays $1\frac{1}{4}$ " diameter being fitted to the tube plates at the wing space at the first opportunity.
