"FORDONIAN Taylor recommends altering bilge pipes  
"making pumps independent Is this necessary Please  
"make clear if all now required is one cooling coil  
"4 pistons 2 connecting rods for main compressors  
"are spare pistons auxiliary supplied confer Greenock"

"FORDONIAN please wire at once previous telegram"

Received:-

"FORDONIAN Mr Heck reports as follows present bilge  
"pump arrangements quite satisfactory no alteration  
"necessary for main compressor four pistons two  
"connecting rods in addition to the two now on board  
"complete set of straps for crank pin end of connecting  
"rods on high pressure cooling coil and any other small  
"details to make a complete set of running or working  
"gear as was clearly explained to Messrs. Redvells  
"representatives who was present at the trial still  
"require no spare pistons for auxiliary compressor  
"have been supplied unable confer with Austin who is  
"absent on trial trip"
