

S.S. "NIENBURG"

It is submitted that Messrs. Bushell, Fletcher & King be informed that this vessel is not classed with this Society, and the statement in the report of the Survey held by the Society's Surveyors that, in their opinion so far as they could judge from the inspection made of the parts of the vessel and her Engines and Boilers which had been examined, the vessel and her Machinery appeared to be in a fit condition to run for a period of six months, is in accordance with the arrangements made with the Ministry of Shipping in the case of all the German vessels taken over by the British Government.
