

S.S. "HERON"

This vessel, which was built in 1920, is owned by the General Steam Navigation Co., who contemplate selling her through Messrs. J. Kilgour & Co.

A representative of Messrs. Kilgour called at this Office and stated that in the event of the sale proceeding it is proposed that a number of alterations will be carried out on behalf of the new Owners, ^{by the Grangemouth Dockyard Co.} who desire that the plans of the vessel might be forwarded to the Glasgow Office for their information.

The written consent of the Owners to this course being adopted has been received.

It is submitted that the principal plans of the vessel be forwarded to the Glasgow Office, who should place themselves in communication with the Grangemouth Dockyard Co.
