Dr. George Webster,  
Principal Surveyor,  
Lloyd's Register of Shipping,  
95 Bothwell Street,  
Glasgow.

Dear Sir,

Steam Tanker "CORONDA".

In July last we entered into negotiations with Captain E.C. Shankland, of Mariners, Balfour Gardens, Folkstone, acting on behalf of a Brazilian Firm, for the sale of the above named vessel.

As the proposed terms of sale are that vessel is to be delivered to purchasers as she lies, we have been asked to ascertain the minimum repairs, if any, which would be essential to enable purchasers to secure a seaworthy certificate valid for the voyage to Brazil.

The vessel is now anchored in the Holy Loch and is available at any time. We shall be glad if you will appoint a surveyor to carry out an examination and if you will let us know the date we shall make arrangements for him to be accompanied by one of our superintendents.

Your early compliance will oblige.

Yours faithfully,

CHR. SALVESEN & CO.
