Thank you for yours of the 14th. With enclosure,
order that I can arrange financial authorisation
of the fees of the Surveyors plus the preparation
of same - I shall be grateful if you will
advise me what the fees may be for this
notified minimum fee board survey.
The buyers have to pay this

including the tail shaft as the mileage
is very small since the last time
the tail shaft was drawn - I hope to avoid
my dock & get the buyers to accept the
my dock survey report. Yours truly

Shadden Esq.
