Received from Chief Ship Surveyor 19 JAN 1923

VESSEL'S NAME Stl. Sc. 4-mst "CORONDA"

Rpt. Lth.

No. 16240

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey

It is submitted before this case receives the consideration of the Committee the Surveyors should be requested to state, in view of their recommendation that the entry in the Special Reasons List be now deleted, whether the butts of the shell plating at the turn of the bilge are in their opinion efficient until ^{the} next Special Survey.

The Surveyors should also be requested to state whether the whole of the close ceiling at the bilges has been lifted and whether No. 3 double bottom tank has been examined clear of the cross bunker.
