MIDDLESBRO Rpt. 10941.

7th. March 1921.

Dear Sirs,

With reference to the Electric Light partly installed by Messrs. The Sunderland Forge & Engineering Co, in the S.S. "ATXERI-MENBI" (your S.S. No. 536), It is understood that the work on this installation will be completed at Bilbao. In view of this I have to recommend that, on completion, the whole of the installation be examined under full working conditions by one of this Society's Surveyors.

I am, Dear Sirs,

Yours faithfully,

Wm Morrison
