Dear Sir,

With reference to the classification in this Society's Register Book of the steam tankers "OSMOND" and "NAUSSETT" (ex "W.M. IRISH"), I have to acquaint you I am in receipt of a letter from the Society's New York Office intimating that these vessels have been sold to the American Iron & Metal Co., of Emeryville, Cal., for breaking up purposes.

The cases have been submitted to the Committee, and in the circumstances, instructions have been given for the record "To be broken up" to be inserted in the Register Book against the vessels' names and to expunge their classes in accordance with the usual practice.

I shall be glad if you will kindly inform the interested parties accordingly, and duly advise me on the quarterly Return 10 when the work of demolition is commenced.

Yours faithfully,
