Sir,

TANKER "ALABAMA"

LOYD'S REGISTER
 RECEIVED

 Amd. 12 APR 1932
 LONDON Ack. 17/3/32.

With reference to the Round Table Conference we had with your goodself, and Mr. Scott, when Mr. Giuseppe Chiarella was with us in Jan. last, I have received a letter from him, in which he asks me to pass on to you the enclosed letter from the "Petroleum" Co. of Genoa - addressed to Lloyd's Register of Shipping.

When a reply is sent to the "Petroleum" Co. I shall be very glad if you will kindly send us a copy of your letter.

Mr. Chiarella, in a letter to me, writes, as follows:-

"As you see from Lloyd's Register letter, they do not reply on the point which was raised during the conversation we had with them, i.e. that a misunderstanding might have occurred between the Captain and the Surveyors. - You will observe they say it was agreed between the English speaking people that the buckling has no connexion with the casualty. This leaves the Captain out and is

distinctly contradictory to their previous
statement that the Captain said the buckling
existed prior to the casualty . "

I have no doubt the reply of Lloyd's Register of
Shipping to Genoa will deal with this point, and I trust
will also definitely answer the points raised in the
letter of Mr. Chiarella to Lloyd's Register of Shipping dated
the 4th. December last .

The Genoese Firm in question are very good Friends
to this Country, and I sincerely trust it may be possible
for Lloyd's Register to give them such a reply as will help
them in dealing with the Insurance people in Italy.

I am,

Yours sincerely,
