

SULZER

/ 27597/Sz.Sch/

Eng. N^o 6001 + 6007 Type 6S38

SPARE PARTS IN ACCORDANCE WITH LLOYD'S REQUIREMENTS
FOR 2 x 6S38.

- 8 Coupling bolts for crankshaft,
- 2 Bolts 1-3/8" x 481 mm,
- 16 Cylinder cover studs,
- 1 Cylinder cover without valves,
- 2 Complete combined starting and fuel valves with advance valve and safety valve,
- 6 Fuel valve needles,
- 1 Scavenge air valve,
- 2 Big end bearing bolts,
- 2 Top end bearing bolts,
- 1 Working piston with rod and cooling tube,
- 6 Working piston rings,
- 1 Oil wiper,
- 5 Piston rings for 1st stage, (Compressor)
- 6 ditto 2nd "
- 6 ditto 3rd "
- 2 Packing rings for piston rod,
- 1 Running tube for piston cooling,
- 1 Injection tube for ditto,
- 1 Stand pipe for dito,
- 1 Helical gear wheel of bronze for lower governor drive,
- 1 ditto of steel,
- 1 Helical gear wheel of bronze for upper governor drive,
- 1 ditto of steel,
- 6 Delivery plungers and bushes for fuel pump,
- 6 Suction valves for fuel pump,
- 6 Delivery ditto.
- 9 Valves 74 mm)
- 9 Valves 39 mm) for L.P. & I.P. stages.
- 1 Delivery valve for H.P. stage,

- 1 Suction valve ditto,
- 44 valve rings for scavenge air pump,
- 1 Suction valve with seats for bilge pump,
- 1 Delivery valve for ditto,
- 1 Set of principal bolts and nuts,
- 1 Set of piping for air and fuel oil.

EXTFA SPARE PARTS.

- 1 Crankshaft bearing complete for working cylinder,
- 1 Crankshaft bearing for air pump complete,
- 1 Working cylinder liner complete with oil wiper,
- 2 complete pulverisers,
- 2 Spray plates,
- 4 Pulveriser plates,
- 8 Distance rings,
- 4 Thrust rings Da.
- 4 Thrust rings Ea.
- 2 Upper connecting rod bearings complete with bolts and liners for working cylinder,
- 1 Lower ditto,
- 1 Lower connecting rod bearing complete with bolts and liners for scavenging pump,
- 2 Upper connecting rod bearings for scavenging pump,
- 1 Crosshead complete with slippers,
- 4 Inner tubes for piston cooling,
- 4 Injection tubes,
- 30 Piston rings for working cylinder,
- 5 Piston oil wipers for working cylinder,
- 2 Fuel cams,
- 2 Starting cams,
- 1 Thrust ring for camshaft,
- 6 Cam rollers,
- 2 Cam pins complete,
- 2 Complete suction valve cones,

- 2 Complete delivery valve cones,
- 1 H.P. delivery valve with seat and spring,
- 1 H.P. suction valve with seat and spring,
- 1 H.P. air cooler inset complete
- 2 Inner tubes for crosshead pin lubrication,
- 2 Stand pipes complete for pin lubrication,
- 1 Thrust ring for crankshaft,
- 4 Plugs,
- 4 Valves for fuel non-return valve,
- 4 Valves for injection air,
- 1 Bosch lubricator without drops indicator,
- 1 Suction and delivery valve complete for piston cooling water pump,
- 1 Ditto for cylinder cooling water pump,
- 1 Set of springs,
- 1 Set of packing rings,
- 2 Plugs for fuel valve pump,
- 12 Inner tubes for piston cooling,
- 12 Packing rings for piston cooling.
