

S.S. "BRITISH LADY".

Mr. E.C. Griffiths of the Ministry states that this vessel is now being offered for disposal as scrap.

It may be added that the Ministry had formerly wished to sell the vessel, if possible for seagoing purposes, but on account of undertakings furnished to the former Owners found themselves unable to proceed with the sale on these lines.

R.a.J.
26.11.46.

Mr. Downie of the British Tanker Co. Ltd. confirms the position as stated above but would prefer action as regards class to be deferred for a month pending further developments.
