Enclosures.

4th May, 1938.

Dear Sirs,

E. I duly received your letter of the 29th ultimo, forwarding five sets of amended plans (sheets Nos.1 - 9) of electrical equipment proposed for your Yard No.847, and in reply have to inform you that these plans will be approved provided the installation be as shown and amended thereon and to the satisfaction of the Society's Surveyors, and the remaining requirements of the Society's Rules for Electrical Equipment be complied with.

Three sets of the plans in question are returned herewith, one set having been forwarded to the Society's Surveyor at Plymouth for his guidance, and the plans which accompanied your previous communication of the 25th ultimo have been cancelled.

I now await the receipt of the plans of switchboard referred to in that letter, and at the same time shall be obliged if you will kindly submit a plan showing layout, position and ventilation of the battery compartment, together with plans giving constructional details of all air heaters.

I am, Dear Sirs,
Yours faithfully,

Messrs. Philip & Son, Ltd.,
Sandquay & Moss Engineering Works,
DARTMOUTH.
