Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

8th April, 1938.

Dear Sirs,

Yard No. 847.

E.

I beg to acknowledge the receipt of your letter of the 1st instant, forwarding three sketches in connexion with the couplings for the shafting of the above Yacht, and note what you have to say on the subject.

The sketches submitted have been carefully examined, and in reply I am directed to inform you that although the strength of the couplings is reduced, as previously pointed out, the proportions now shown indicate that the necessary margin of strength has been maintained. In the circumstances the couplings will be accepted in this instance, provided the scantlings be found in accordance with Sketch "B" and the Society's Surveyor be entirely satisfied.

The sketches in question are being forwarded to the Society's Surveyor at Plymouth.

I am, Dear Sirs,

Yours faithfully,

Messrs. Philip & Son, Ltd.,  
Sandquay & Noss Engineering Works,  
DARTMOUTH.

Secretary.
