It is submitted ~~that the plan of~~ *Plymouth Surveyor*
~~be informed it is noted that the merit approval~~
~~for loose couplings for the intermediate shafts~~
~~provided have not been made in accordance with~~
~~the approved plan and from the sketch now~~
~~forwarded shewing the amended design it is~~
~~considered that with the amount of recessing~~
~~required for the bolts and nuts the strength~~
~~of the couplings is considerably reduced, and~~
~~accordingly the Builders should adhere to the~~
~~scantlings as originally proposed and approved.~~
