Enclosures.

4th April 1938.

Dear Sir,

Messrs. Philip & Son's Yard No. 847.

E.

I send herewith, for your information and guidance, a copy of a letter which has to-day been addressed to Mr. Norman Hart in regard to the approval of a plan showing arrangement of discharges from W.Cs. and scuppers from deck in the case of the above yacht. A copy of the plan is enclosed.

I also enclose a copy of a letter addressed to Mr. Hart by Messrs. Philip & Son Ltd., and shall be glad if you will satisfy yourself that the arrangements at the W.C. fittings are as stated by the Builders and that the valve at each discharge can be controlled from readily accessible positions.

I am, Dear Sir,

Yours faithfully,

Secretary.

Mr. T. Miller,

PLYMOUTH.
