Dear Sirs,

E. I beg to acknowledge the receipt of your letter of the 22nd instant with further reference to the Fuel Oil Arrangement proposed in the case of your Twin Screw Motor Yacht No.847, and I note the Designer states that the fuel tanks are not intended to be filled by pumping from the hose connection from the shore but only from a gravity flow, which is in order.

I am, Dear Sirs,

Yours faithfully,

Copy sent Plymouth.
