Dear Sirs,

S.S. "IROQUOIS"

With reference to our letter of 26th September sending you diagrammatic arrangements of pipes in way of deep ballast tanks for the above vessel, we enclose herewith three further prints of this plan, on which we have shown air and sounds to Cofferdam between Frames 34 and 35. We have also deleted the note "For vessel carrying cargo oil - not petroleum".

It is intended that the vessel should retain her present class.

Yours faithfully,  
For HARLAND AND WOLFF, LIMITED.
