Dear Sir,

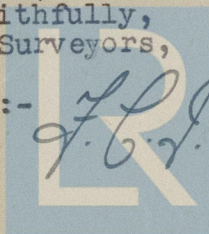

M.V. 'RIAN'

In reply to your Classing letter on Falmouth Report 10360 - Motor Vessel 'RIAN', we have to state that the reason why drydocking was recommended was due to the fact that this vessel had not been examined in drydock since December, 1944. Whilst the General Examination was being carried out at Hayle, the Owners' Representative inferred that the vessel would be drydocking in the near future.

We are, Dear Sir,
Yours faithfully,
The Surveyors,

pro:-

The Secretary,
LONDON.
