Dear Sirs,

I beg to acknowledge the receipt of your letter of the 3rd instant respecting the motorship "RIAN", and in reply to say that, as indicated in my letter of the 2nd January last, a General Examination of the hull of the vessel is required, and as regards the machinery, this should be tested under working conditions. Any parts opened up for overhaul should be submitted to the inspection of the Society's Surveyors when suitable opportunities present themselves.

I shall therefore be glad if you will kindly let me know, as soon as you are in a position to do so, what arrangements are proposed to be made for the above matters to receive attention.

I am, Dear Sirs,

Yours faithfully,

Clerk to the
Classification Committee.
