FREEBOARD REPORT on the

Tug "Security".

It is thought that Mr. Algate could well produce Mr. G. G. Young's report. Mr. Widgery will be available to produce his own report.

From the owners' point of view these two reports do not give the most favourable impression of the condition of the ship. For this purpose Mr. Jenkins' report of November 1944 and Mr. Crowder's report of April 1944 would be useful.
