Dear Sir,

s.s. "GARTH"

In reply to your favour of the 6th inst., I am sorry to say that the weather conditions have seriously delayed salvage work on this vessel.

Gear which had to come by road from Falmouth and Dover has not long reached Bristol, and actual operations only commenced on the 5th inst.

There appears to be no reason to suggest that the salvage will not be successful, but the position has of course been practically at a standstill for the last month.

Yours truly,

F. E. Peters
