Dear Sir,

M.

I am in receipt of your letter of the 16th instant enclosing a copy of the general arrangement plan in connexion with the proposed conversion of the S.S. "DANIEL WEBSTER" from a general cargo ship to a bulk oil carrier, for which I have to thank you.

With regard thereto I have to state that it is recommended that the poop be extended to scarp the oil fuel bunker. If this is not practicable, then special scarping arrangements should be obtained at this part to secure continuity of strength.

I am, Dear Sir,

Yours faithfully,

Secretary.

J. French, Esq.,  
NEW YORK.
