Metre Yacht "RIPPLE" - No. 3854
in American Yacht Register

Dear Sir:-

Mr. F. M. Coster of Bridgeport, Conn., is considering the purchase of the above vessel but would not be interested unless she could be classed with this Society.

He has forwarded plans of Midship Section, Profile and Piping Plan and Specification, copies of which are enclosed herewith, and I should be obliged if you would advise whether the scantlings are such as would render the yacht eligible for classification. It is realized that the Profile Plans are not complete, but they are the only ones available here, and it is thought that you will be able to procure detailed plans from the Surveyors in Germany.

A reply by cable would be esteemed a favour.

I am, Dear Sir,

Yours faithfully,

John S. Heck
for Chief Surveyor,
U.S.A. & Canada.

The Secretary,
LONDON.
Encls.

P.S. While this vessel was not classed, you will remember that she was built under the supervision of the Society's Surveyors.
